August, 2017

Dear AAHS Class of 2021:

Your class advisors, Mrs. Alyse Riehl and Mrs. Gretchen Wilson would like to extend a warm and enthusiastic welcome to everyone in the Class of 2021. We are very much looking forward to getting to know all of you in September. Mrs. Riehl is a member of the Science department and currently teaches both tenth grade Healthy Relationships and twelfth grade Advanced Chemistry. Mrs. Wilson is a member of the Social Studies department and teaches ninth grade World History and eleventh grade Financial Literacy.

As your class advisors, we hope to be able to successfully assist you, your parents and the Class of 2021 as a whole in getting acclimated to high school and enjoying all that the "Allied Experience" has to offer. Part of that experience includes contributing to our school and surrounding communities, working towards class goals, and growing as individuals both academically and socially. While there will be elected class officers, every student will be asked to participate and possibly assume a leadership role in various class activities.

We have found that parental support is integral to a class' success. We encourage and welcome parental involvement and look forward to meeting your families. If you would like to contact us before classes begin in September, please do so through our Class of 2021 website, which can be located on the Student Activities page of the Allied website, or through Mrs. Riehl's or Mrs. Wilson's school websites. **Please remember to return the enclosed trip permission slip on the first day of school.**

Enjoy the rest of your summer,

Mrs. Alyse Riehl & Mrs. Gretchen Wilson
