

**MONMOUTH COUNTY  
ACADEMY OF ALLIED HEALTH AND SCIENCE**

**Date:** August, 2017  
**To:** Parents/Guardians of Seniors and Juniors  
**From:** Paul F. Mucciarone, Principal, AAHS  
**Re:** DRIVING AND PARKING REGULATIONS

The safety of students, staff members, school visitors and others while on school grounds is of significant importance. A student's use of a vehicle on school grounds has the potential to present a safety hazard for the student operator and to other students, staff members, school visitors and others. Students in grades eleven and twelve are permitted to drive a vehicle to and from school and park in the area designated for student parking.

**Eleventh and Twelfth grade students who wish to drive to school must obtain permission and register their vehicle by completing the "Student Driving Permission Form" (on reverse side) and remit a \$5.00 fee to cover the cost of the required hangtag. The fee should be paid by check ONLY made out to "AAHS Student Activities".**

Please reinforce with your children that driving to school is a privilege, not a right. Once granted, the privilege will be revoked from students who fail to comply with school rules, especially those directly related to driving unsafely. Driving, parking infractions, as well as tardiness, or other discipline issues, are cause for driving privileges to be revoked.

When requesting permission for your child to drive to school, please review the student driving regulations listed on the permission form with your child, consider the distance that he or she travels to school in the context of their limited experience behind the wheel, and consider having your child take the bus when poor weather is predicted. I will exercise the right to prohibit students from driving home during inclement weather if I believe that the weather makes driving unsafe.

(over)

Monmouth County Vocational School District  
Academy of Allied Health and Science  
Student Driver Permission Form

All students attending the Academy of Allied Health and Science are provided with transportation to and from school. Therefore, student driving is considered a **privilege**. Qualified students who wish to drive must: (a) supply the appropriate information requested below and (b) agree to abide by the regulations enumerated below and in the Student Handbook.

It is the student/parent's responsibility to notify their home district if they are not utilizing school provided transportation. All students who choose to drive do so with the understanding that the home district's responsibility for transportation may be waived.

If you are already driving, fill this form out completely and return it to the main office on the first day of school (even if you completed one last year). **You will need to bring your drivers license, registration and proof of insurance for copying to be attached to this form. In addition, you will need a CHECK (NOT cash) made out to AAHS STUDENT ACTIVITIES in the amount of \$5.** If you will be driving at some point later in the year, be sure to bring this completed form in once all of the information is available. It is the student's responsibility to update the information contained on this application. This form must be completed and submitted to the Principal's office before a student drives to school. Failure to abide by these requirements will result in the delay or suspension of driving privileges.

_____ Car Make Model/Body Type /Color	_____ License Plate #	_____ Insurance Company/Policy #	

**AAHS STUDENT DRIVING REGULATIONS**

1. Students will not be permitted to go to their vehicles during the school day unless given permission by the Principal or his designee.
2. Student drivers must be on time to school. The second time a student driver is late to school, the parents will be called. The third time will result in loss of driving privileges for the remainder of the marking period in which the violation occurs. The next offense may result in a loss of privilege for the remainder of the school year.
3. Students must comply with all state motor vehicle regulations and obey all driving procedures while in the parking lot.
4. Students may not drive on or off campus during school hours without written parental permission confirmed by the Principal.
5. The parking tag must be prominently displayed on the rearview mirror.
6. Student drivers may only park in designated student parking places. Seniors will only park in marked spots in the upper lot; juniors may not park in the upper lot, but may park in the lot to the east of the building.
7. Any registered student driver may drive another student to or from school ONLY with written permission from the parent/guardian of both the driver and the passenger, as well as approval from the administration in advance. Student drivers and passengers who are in violation will be assigned detention and may lose their driving privilege or place their driving privilege in jeopardy when they become eligible to drive.
8. Students MAY NOT drive to field trip sites from their home or from school. All students must ride the bus to and from all field trips.
9. Any student violating the Student Driving Regulations will lose their privilege to drive in addition to other discipline action.

I have read and understand the regulations for student driving listed above. I agree to abide by these regulations and understand that any violation may result in the suspension or revocation of driving privileges. I also understand that the violation of these regulations may result in additional disciplinary action.

I have read and understand the regulations listed above. I desire that my son/daughter be permitted to drive to and from school. I acknowledge the school is not responsible for any motor vehicle violations, which may occur. I also acknowledge that violation of these regulations will result in the suspension or revocation of my son/daughter's driving privilege and that they may face additional disciplinary action.
